## Director's Note

It's not about an invisible virus creating havoc in the lives of arguably the most visible destroyers of planet earth. And it seems not to be done..... not yet. It's about how each one of us, individually and collectively faced the challenge(s).

We at **NADS** and **ICSE CONCEPTS**, never gave up on time tested methods but tried our best to blend the modern into the traditional. We stood by our principles and continue to do so. We are sure we have not gone amiss. But of course, time will tell. It always does.

On a general note , and restricting myself to the **NADS** and **ICSE CONCEPTS** family, my heart goes out to

- Students, their parents, teachers and the non teaching staff who have lost loved ones
- Students, their parents, teachers and the non teaching staff who have gone through the highs and lows of the roller coaster ride 2020 in the confines of their homes and not (how we wish) in an amusement park, mentally and emotionally.
- Students who had only technology as friends as well as their play tools and their parents (monitoring them day in and day out) within this concrete jungle of Mumbai.
- Students and their parents who have had to bear me and my team of teaching and non teaching staff (though for the first time ever, we have been accused of being more of a **SANTA** than **HITLER**)

In fact, here was a year which **HUMBLLED** all of us and **TAUGHT** us lessons which we thought we already knewis **NADS** as well as **ICSE CONCEPTS** ready for the latest contemporary challenges and those likely to land up in the immediate future?

With the continuing love and support from all of you, I am sure  
**YES WE CAN** and **WE SHALL**

Yours Truly,  
Subramaniyam Naidu

# BEFORE YOU DISCOVER, YOU MUST EXPLORE ...

Some of our principal regrets in life are the opportunities we passed up and the chances we didn't take.

**NADS** offers you a chance which you will never regret having taken, an opportunity to target academic success and to achieve it.

And achieve it our student friends did, as our results have consistently shown, year after year after year!

- They believed they had potential and that we were just the right people to help them discover it.
- They have kept faith in us, in our systems, in the principles we stand for.

We, on our part, stood by them, we learnt with them, for them and we are growing from them.

We are not big on words. We are big on keeping promises and the ones we have consistently kept are

- Focus on academic excellence
- Personalised attention
- Effective and evolving methods of study
- Customised personal counseling (which is an integral part of and unique to the learning process at **NADS** )

Besides emphasising on academic growth, we have over the years, broadened our focus on the overall development of the child thereby satisfying the needs of the child as well as those of the parent.
