BEFORE YOU DISCOVER, YOU MUST EXPLORE ...

Some of our principal regrets in life are the opportunities we passed up and the chances we didn't take.

NADS offers you a chance which you will never regret having taken, an opportunity to target academic success and to achieve it.

And achieve it our student friends did, as our results have consistently shown, year after year after year!

- They believed they had potential and that we were just the right people to help them discover it.
- They have kept faith in us, in our systems, in the principles we stand for.

We, on our part, stood by them, we learnt with them, for them and we are growing from them.

We are not big on words. We are big on keeping promises and the ones we have consistently kept are

- Focus on academic excellence
- Personalised attention
- Effective and evolving methods of study
- Customised personal counseling (which is an integral part of and unique to the learning process at **NADS**)

Besides emphasising on academic growth, we have over the years, broadened our focus on the overall development of the child thereby satisfying the needs of the child as well as those of the parent.

A FEW TESTIMONIALS

Firstly I would like to thank you all for helping me achieve this little success of mine. I still remember Naidu Sir's words at the beginning of my SSC journey. He had one good and one bad news for us. Good thing was that the SSC Board was being on the right track with the introduction of a new syllabus and bad one was that we were the first batch to face such a transformed pattern of exam. This realistic and honest opinion of his made me pull my socks from the very early stages. I find myself very lucky to have chosen NADS as they successfully accepted this challenge and delivered. Naidu Sir's unique style of teaching, his command on FRENCH, periodicals and preliminary exams really made the difference. Extra sums from different boards, learning through videos, fun activities in the classroom were very enjoyable and kept me charged all the time. At times, Naidu Sir took care of our empty stomachs too. Such a parental treatment can only be received at NADS. The entire team of NADS, not only focused on the academic part but also helped us inculcate values, morals and mannerisms in us. Career guidance and counseling session, mind refreshing Lonavala visit were really the most memorable moments. My special thanks to Vidya Madam and Gopi Sir who extended their valuable support throughout the year. I am extremely happy to be a part of NADS family. Love you all !!!

I have been in NADS for two years and NADS has really helped me in achieving my goal of scoring a high percentage in the SSC examination. The faculty of NADS has been really supportive and always been by my side. Naidu Sir and all my teachers have helped me out with my subject related difficulties and have encouraged me to push harder. They have always been willing to solve my doubts be it day or night. I am extremely grateful to Naidu's Academy of Developmental Studies that helped me tackle my board exams. Thanking you all once again for your support and help.

I had a very good experience of the 2 years of being in nads. The teachers especially Naidu sir and Archana madam were very helpful. Their teaching methods were very good and they were helpful at any hour of the day. The non teaching staff also is very helpful. I shall always be thankful to them for my success.

Interaction with Parents (SSC)

General

April, 2020

- i) We lay out our roadmap to the success of the student.
- ii) We shall convey to the parents how they can contribute to the academic growth in particular (and very often growth in general) of the student.
- iii) We have an interactive session with the parents and the students on all issues, which affect the growth and development of the child during the most important academic year of their lives in school.
